Dear Sirs,

Thank you for your interest in our company.

We are pleased to submit a proposal to deliver high quality hardwood.

Woodworking Company PROFLES offers wide selection of lumber and Siberian larch trim. Avoiding mediation we have production based in Saint-Petersburg where we process quality wood from Siberian taiga forests. We offer hardwood of various profiles: decking, block house, building timber, linings, planken, floor board and other types of lumber. We are ready to deliver Siberian larch and pine wood customized products. We do kiln drying.

Advantages:

- No middlemen
- Individual approach to each customer
- Flexible pricing
- Guaranteed quality

We look forward to further cooperation!
